Kessler

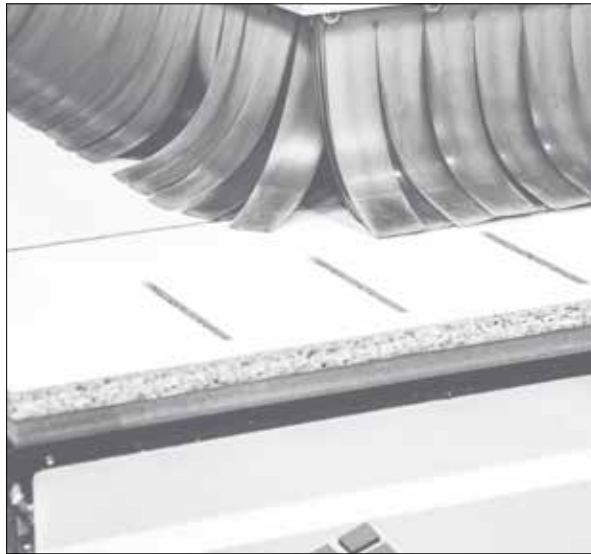

Kessler is a British luxury brand that promises excellence and consistently delivers it, through its outstanding combination of detailing, bespoke design and cutting edge technology.

Owning a Kessler kitchen will be a source of pleasure for the whole family owing to its timeless and unmistakable quality and design.

Alongside technological advances, social and cultural changes have increased the expectations of kitchens today. Over the years, the home has become more of an open, practical space which has called for many home owners to increase the size and functional use of the kitchen. Kitchens today are most often integrated into a dining and living space and not considered as a separate room used solely for the storage, preparation and cooking of food. This revolution in the home provoked the requisite for luxury kitchen design and manufacture.

As award-winning specialists in the art of kitchen design, Kessler will create a striking luxury kitchen for your home. From contemporary design to an original classic, each kitchen will boast the use of the highest quality materials – from sumptuous natural, stained or painted solid woods, through to veneers and striking silk matte and gloss lacquers.

INNOVATION

As specialists in the art of kitchen innovation, we understand what it takes to design, manufacture and hand build a luxury kitchen that will stand the test of time.

Cooking has been hugely influenced by internationally renowned chefs and global trends for world cuisine, therefore our appetite for more diverse and advanced forms of kitchen equipment is growing.

Innovation underpins our approach to kitchen design and manufacture. It is at the forefront of our business planning and range development, enabling us to respond to advances in the market with high performance and efficiency. When sourcing materials, introducing cutting edge finishes and crafting innovative designs, we consistently exert meticulous research and development in-house at our Nottingham based headquarters, which gives us confidence when delivering superior performance year after year.

NOBODY BUILDS A KITCHEN LIKE WE DO

Our patented cabinet joint system demonstrates our passion for perfection and drive to manufacture high quality kitchens that showcase British quality and class. The quality and intensity of our work ensures that your timeless masterpiece will leave the workshop hand built, ready to be loved and enjoyed over many years.

You will not find a kitchen hand built to this standard, at this quality level from anywhere else in the world.

CRAFTSMANSHIP

Excellence is always a virtue worth pursuing.

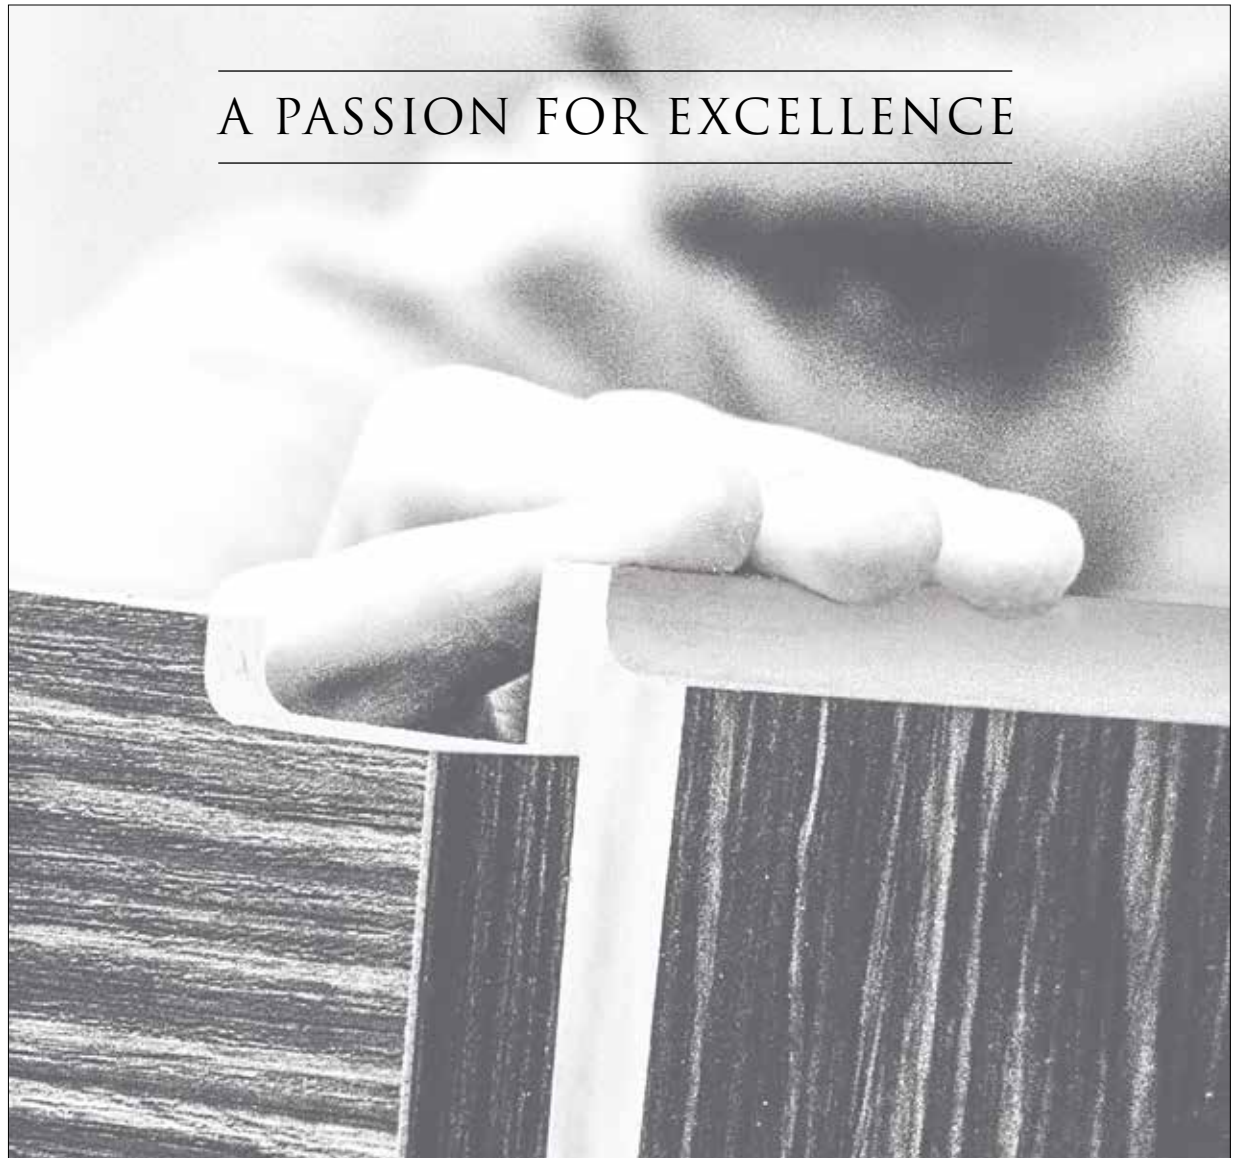

When sourcing materials, introducing cutting edge finishes and crafting innovative designs, we consistently exert meticulous research and development, which gives us confidence when delivering quality performance year after year.

There is a notably significant difference between carefully crafted, detailed kitchens and mass produced kitchens, which is why at Kesseler we never sacrifice on true craftsmanship.

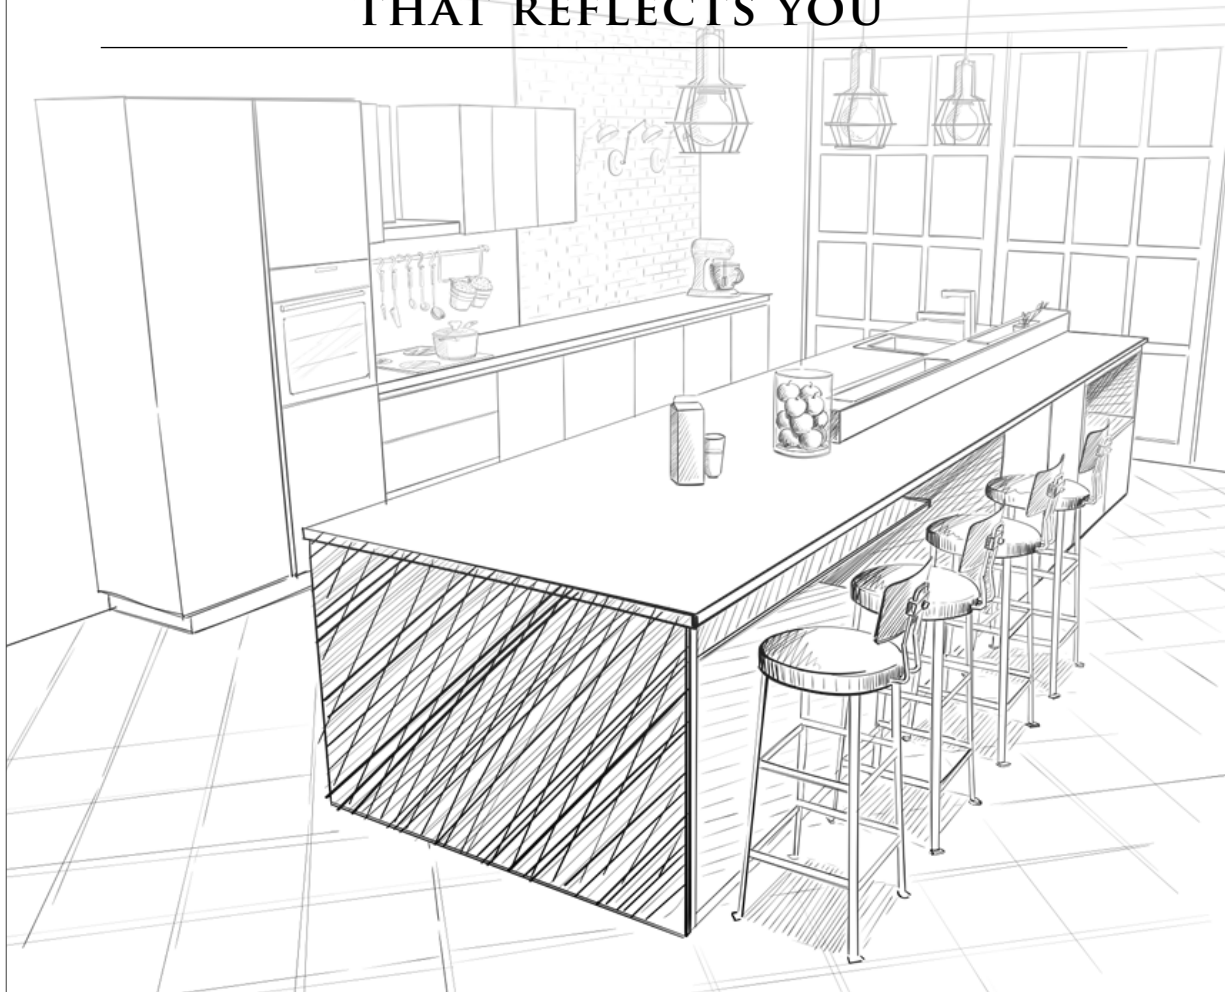

Our state of the art headquarters and manufacturing facility based in Nottinghamshire, Great Britain, employs a highly skilled team of craftsmen dedicated to producing the very finest kitchens.

At Kesseler we are continually refining skills, sourcing quality materials and introducing advanced technologies in order to offer our customers the best kitchens in the world. From the design blueprint through to our skilled carpentry, and all important finishing touches, we guarantee meticulous quality craftsmanship at every stage.

A PASSION FOR EXCELLENCE

AN INDIVIDUAL KESSELER MASTERPIECE THAT REFLECTS YOU

DESIGN

When at home we spend the most part of our time in the kitchen, therefore it is essential the design is just right. Predominantly recognised as the heart of the home, the multi-functional nature of the kitchen in today's society has revolutionised kitchen design. No longer considered to be a room used solely for food preparation and cooking, kitchens have become the perfect stage for a range of activities - from entertaining, to studying, relaxing and dining.

Kessler accredited designers understand the difference between good design and great design. With the assistance of your designer, Kessler's innovative features will enable you to tailor your vision to form the perfect functional space to suit your lifestyle. The result will be a striking, custom built masterpiece that will exceed your expectations.

The innovative design features and choice of colour and finishes throughout the Kessler kitchen ranges will complement your individual personality and style, creating a space of solace within your home.

COLOURS AND FINISHES

Kessler kitchens are available in a variety of material and colour finishes to enable you to style your kitchen in order to create a room of distinction that complements your individual taste and enhance the character within your home.

VANQUISH 150

Our award-winning and well established handleless kitchen profile with a 150mm plinth which, particularly when combined with LED lighting, gives the impression that the kitchen units are floating. A stunning contemporary look.

VANQUISH 100

New for 2020, Vanquish is now available with a smaller 100mm plinth offering a lower profile for a sleek and alluring aesthetic. The sense of a floating kitchen is enhanced further with this 100mm plinth and the LED lightning more pronounced.

TWO FORMS, SINGULAR ELEGANCE

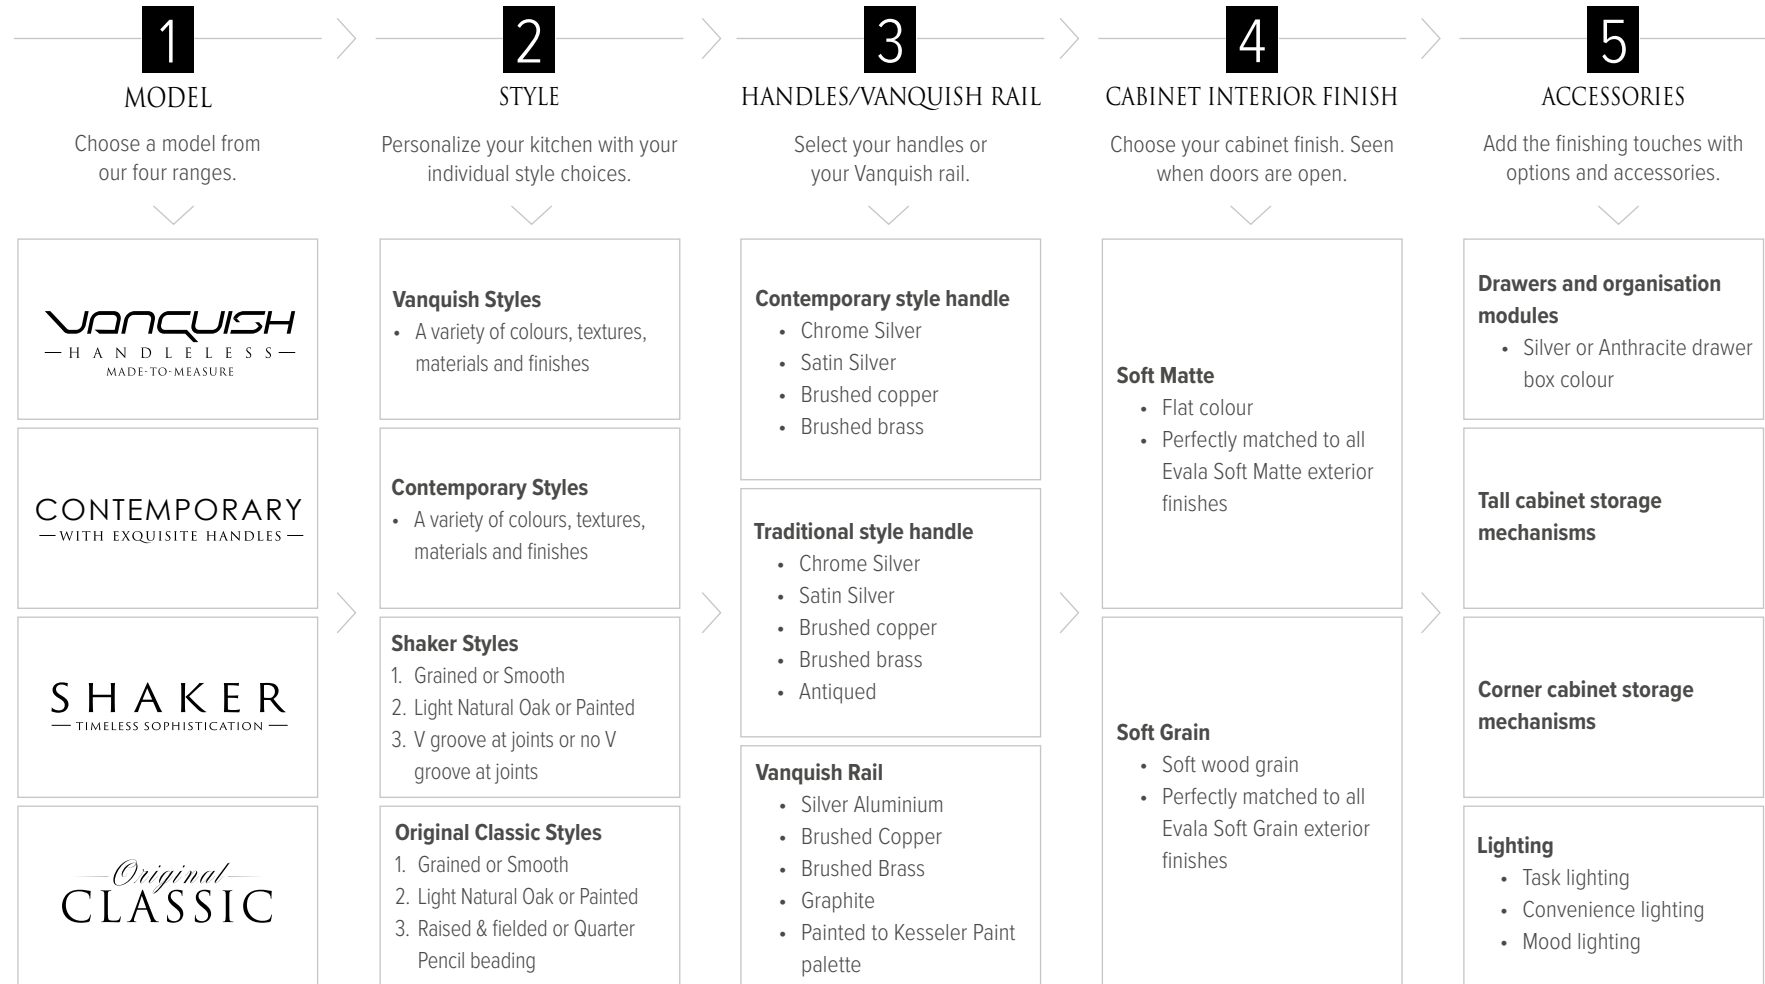

POCKET DOORS AND SLIDING DOORS

Kitchens today are spaces used for a diverse range of activities; from food preparation and cooking to working, relaxing, entertaining and dining. The transition between these contrasting functions needs to be smooth, calling for flexible kitchen furniture that does not compromise functionality or aesthetics. As a result, we have sculpted our kitchen designs with the flexibility to create a dual-purpose space in mind.

Technologically advanced pocket doors and sliding cabinet systems give credence to this design concept, where two styles of furniture blend seamlessly into one. They are an effective and visually pleasing way of separating functional zones and relaxing spaces. Whether you intend to hide an entire working space or a specific component, your kitchen will adapt to suit your requirements. Form resides over function when the kitchen is not in use, then by opening the pocket doors the function can easily be brought to the forefront to give admission to the operational cabinets behind.

YOUR KESSELER JOURNEY TO THE PERFECT KITCHEN, INDIVIDUALLY DESIGNED AND SPECIFIED BY YOU.

CHARLBURY

Charlbury's design is composed of a solid timber frame, veneered centre panel and features a distinct and refined quarter pencil bead around the inside panelling. Charlbury can be designed into a period property and reflect the elegant past, or designed into a contemporary property with character and charm. The hand finish gives a pronounced grain effect and greater depth.

PAINTS

Kesseler's special paint finishing process is derived from a specialist hand spraying technique by highly trained and skilled painters. They are experts in ensuring uniform colours throughout the kitchen and ensuring the beautiful grains of the natural woods or the fine silk smooth matte finishes are distinct, natural and show the exquisite materials off to their fullest aesthetic.

TRADITIONAL HANDLES

Specially designed handles to compliment the original classic kitchens ranges.

CABINET INTERIOR

STARTING WHERE MOST STOP IS A HALLMARK OF THE KESSELER WAY.

Truly one-off, individual kitchen commissions are created by Kessler through combining our stunning kitchen exterior finishes with a choice of interior decor finish to give a hidden dimension to your kitchen.

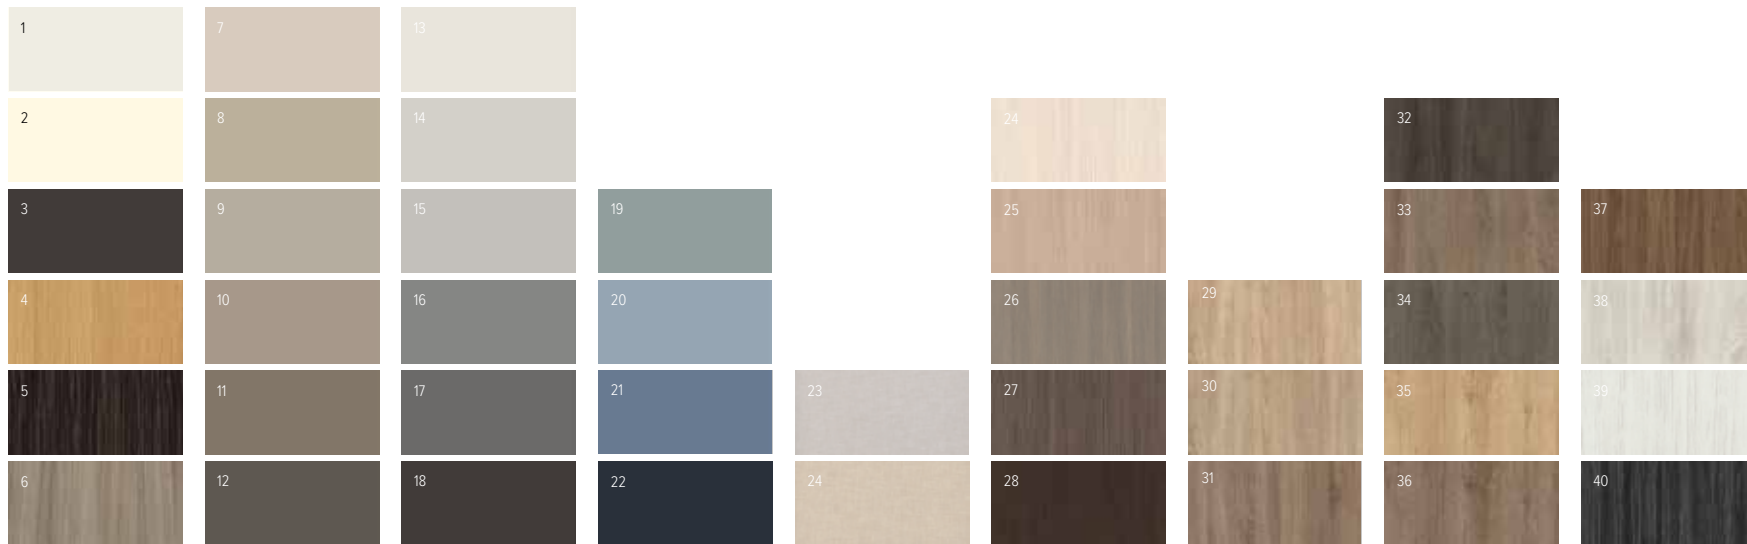

All interior finishes will perfectly match the Evala Soft Matte or Soft Grain decors, either giving coordinated, singular formations or exquisitely defined combinations of different decors. You will work with your designer in-store to create a truly individual commission, exactly tailored to you and your home.

Ownership

OWNERS DOCUMENTATION PACK

Your Owner's Documentation pack will be given to you by your Authorised dealership upon installation completion and serves to contain your Official Certificate of Authenticity and Care Guidelines as well as a space to store other documents, such as cooking appliance warranties and manuals.

CERTIFICATE OF AUTHENTICITY

Your Certificate Of Authenticity is an exclusive document given by your Authorised Kessler Dealership upon the completion of the Kessler kitchen installation, officially marking the lifetime warranty (see terms and conditions). This document contains a uniquely referenced 'K' number of your Kessler kitchen, holding the individual colours, finishes and final specifications of your kitchen, including any special Made-To-Measure elements to the project.

Kessler

LIFETIME WARRANTY

A Kessler kitchen is a long term investment that will bring not only value to your property, but the intrinsic value of pleasure and luxury in your home that simply cannot be measured. To ensure confidence in your Kessler purchase, all Kessler manufactured products carry a Lifetime Warranty. It is this proud confidence and focus on our lasting and quality craftsmanship which draws the discerning client to Kessler over any other kitchen furniture manufacturer.

DEALER INFORMATION

Kessler kitchens are supplied exclusively via our accredited design studios. The studios that Kessler have chosen to work with have been specifically selected for their quality of design and service that resonates our own ethos. This provides Kessler with confidence that the clients and users of Kessler kitchens will be satisfied with the Kessler service.
